

Clay Life Modelling Weekends with Karin Ort

Need to know information before the weekend!

Firstly, thank you for booking on this course.

Over the course of two days you will learn about the processes needed to create the human figure in clay.

I will be on hand to guide and advise you every step of the way.

You do not need to prepare for this course, though it does help to arrive in a calm frame of mind so please aim to arrive on time for a prompt start at 10am on both days wherever possible.

Whilst clay modelling is really quite meditative, a lot of focus and concentration is also needed for working in clay. You will be surprisingly tired at the end of the day. We recommend a nice glass of wine and/or a comfy sofa for the evenings after sculpting!

I am sure that everyone who comes on the course will have a lot of fun and meet some lovely, like-minded people. We pride ourselves in having a wonderfully creative environment!

Please do get in touch if you do have any further queries.

We look forward to meeting you soon.

All the best,

Karin
