

Etching Weekends with Liam Biswell

Need to know information before the weekend!

What will you be doing on the course?

Over the course of two days you will learn all about the drypoint etching and photopolymer processes. You will get to try out and experiment with a range of techniques and styles.

I will be on hand to guide and advise you every step of the way.

How to prepare?

Throughout the course you have the opportunity to work from your images – these could be photos, drawings, paintings, images you have collected.

Please bring any appropriate images with you for inspiration. These images will be especially important towards the end of the course where we will be moving onto photographic etching.

When doing this you can use photographs that are personal to you – your favourite view or loved ones maybe. They need a good degree of contrast and examples of what works well can be found on the separate 'Etching' document.

I would suggest bringing a selection of images with you saved on a memory stick or something similar. We will have access to the internet.

I think that's it....

I am sure that everyone who comes on the course will have a lot of fun and meet some lovely, like-minded people. We pride ourselves in having a wonderfully creative environment!

Please do get in touch if you do have any further queries.

We look forward to meeting you soon.

All the best,

Liam

General Course Information

Getting Here

Directions to the studio are on the website. The postcode to the studio is OX9 3QZ and a map is below.

If you are coming from the village hall in the centre of Towersey, go past the pub, under the bridge and we are the next left after Lashlake Nursery.

Timings

Each day starts at 10.00. **Please arrive in good time in order not to miss the introduction.** We work through to 16.00 and generally with a half hour lunch break and a tea/coffee break in the morning and afternoon.

What To Bring?

- Ideas, inspiration and enthusiasm – some on paper and suitable photographic images on a memory stick.
- A laptop or tablet device may be useful though not essential
- Your own packed lunch. We have microwaves and a toaster in case you need them.
- An apron or clothes you don't mind getting mucky

Refreshments

- We provide you with all the tea, coffee & biscuits needed to fuel your creativity!

What we provide

- Use of all necessary equipment, tools and materials.
- Guidance and tuition throughout the day.
- WiFi should you need it for reference. You will need to bring a laptop or other media device.
- Various reference materials though this doesn't mean you shouldn't do your homework!
