

Animated Life Drawing with Aaron Jacob Jones (11/12 January)

Need to know information before the course!

We look forward to welcoming you to the Phoenix Studio and are sure that you will have an enjoyable time here!

Aaron's courses are self-contained so you do not need to do any special preparation.

We will provide you with the materials needed for the course but please do feel free to bring any drawing materials that you like working with though. Aaron will also show you all how to download and use the smart phone app which creates the animations so please do bring your mobiles too.

If you are relatively tech-savvy then you could download the free app Stop Motion Studio (available for both android or ios), before the class just to save a few minutes on the weekend. Aaron would like to stress that this is not essential and if you aren't very technical then he is happy to animate your work for you!

Do arrive with enough time for a prompt 10am start too.

I think that's it....

I am sure that everyone who comes on the course will have a lot of fun and meet some lovely, like-minded people. We pride ourselves in having a wonderfully creative environment!

Please do get in touch if you do have any further queries.

We look forward to meeting you soon.

All the best,

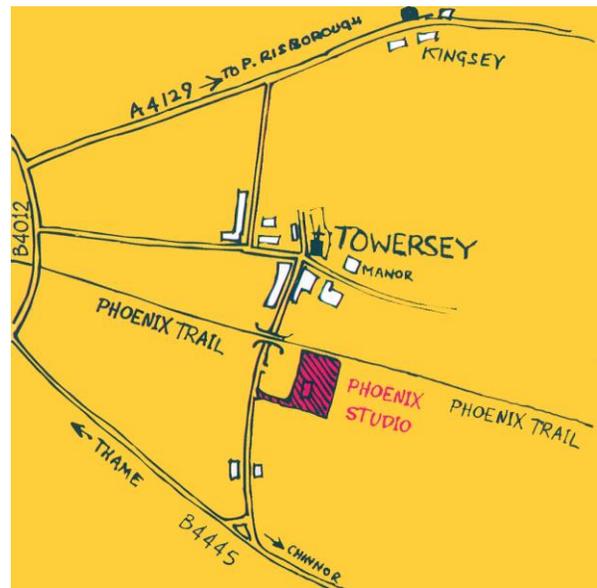

James
